Business:

~ Two vaccine clinics will be open, one at Harrington and one in Palmer, for Phase II. Regionalizing these will help our communities and utilize our resources more effectively. We will be asking for administrative support to go to each clinic one day a week for the next twelve weeks or so.

~Mr. Lacey will be working with the Senior Center Director to get lists of residents age 75+ and 65+ to prepare for Phase II when it opens in mid-late February

~The members reviewed all applications for the secretary position. Mr. Makowski will reach out to the top three candidates to schedule interviews on 1/28 or 2/4
