Town of Warren

Levee Compliance / Safety Committee

The Town of Warren is actively seeking residents to serve on its Levee Compliance / Safety Committee. The primary functions of the Levee Compliance / Safety Committee are to study ways in which the Town's Levee remains in compliance with the U.S. Army Corps. of Engineers regulations and to ensure that the Levee is safe and not at a risk of flooding. This committee will review all compliance requests from the Army Corps. and will make recommendations to the Board of Selectmen on any improvements that need to be made. The committee would also participate and review the yearly inspection reports issued by the Army Corps. It is anticipated that this committee will meet on a quarterly basis.

If you are interested in serving in this important role, please email a letter of interest to Mrs. Karen Dusty, Administrative Assistant to the Board of Selectmen at selectmen@warren-ma.gov.
